

Early and favorable action is earnestly solicited.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Paul J. Farrell". The signature is fluid and cursive, with the first name "Paul" and last name "Farrell" clearly distinguishable.

Paul J. Farrell

Reg. No. 33,494

Attorney for Applicant(s)

DILWORTH & BARRESE, LLP
333 Earle Ovington Blvd.
Uniondale, New York 11553
(516) 228-8484

Requirements as per C.F.R. §1.121(c)(1)(i)

Rewritten claim 1, 6 and 8 of the disclosure marked up to show all the changes relative to the previous versions:

1. (Amended) A method for displaying a message in a folder-type mobile terminal including a main body, a sub-body foldably mounted to the main body, said sub-body having a first display mounted on an outer side and a second display mounted on an inner side thereof, the method comprising:

upon receipt of a message, while the sub-body is folded to the main body, displaying an indicator indicating receipt of the message on the first display; and
at a user's external display request, [slidingly] displaying the received message on the first display.

6. (Amended) The method as claimed in claim 1, further comprising [slidingly] displaying a message received time and a caller's phone number, following the received message, on the first display.

8. (Amended) A method for displaying a message in a folder-type mobile terminal including a main body, a sub-body foldably mounted to the main body, said sub-body having a first display mounted on an outer side and a second display mounted on an inner side thereof, the method comprising:

upon receipt of a message, while the sub-body is folded, displaying an indicator indicating receipt of the message on the first display;

upon receipt of a key input corresponding to a user's external display request, determining whether the first display is set to a double-line display mode;

if the first display is set to the double-line display mode, [slidingly] displaying the received message on a first line of the first display and fixedly displaying a message received time and a caller's phone number on a second line of the first display; and

if the first display is not set to the double-line display mode, [slidingly]
displaying the received message on the first display.
